Board of Selectmen  
Belmont, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Belmont for the fiscal year ended December 31, 1966, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

| <i>Net Decrease</i>   |            | <hr/> \$ 5,645.36 |

*Comparative Statements of Appropriations & Expenditures -  
Estimated and Actual Revenues: (Exhibits A-3 and A-4)*

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1966, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net overdraft of appropriations of \$8,745.70, less a revenue surplus of \$5,911.16, resulted in a net budget deficit of \$2,834.54.

*Summary Statement of Receipts and Expenditures:  
(Exhibit B-1)*

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1966, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1966, is indicated in Exhibit B-2.

*Water Department: (Exhibit E)*

A statement of the receipts and expenditures of the Water Department for 1966 is contained in Exhibit E.

*Municipal Court: (Exhibit H)*

A statement of the Municipal Court account for the fiscal year is included in Exhibit H.

*Statement of Long Term Indebtedness: (Exhibit I)*

A statement of outstanding long term indebtedness as of December 31, 1966, showing annual debt service requirements, is contained in Exhibit I.

*AUDIT PROCEDURE*

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by sources insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

*GENERAL COMMENTS**Current Surplus:*

The current surplus (excess of total assets over current liabilities) decreased by \$2,801.64, from \$26,289.98 to \$23,488.34 in 1966, as shown herewith:

|                            | 12/31/65     | 12/31/66     |
|----------------------------|--------------|--------------|
| <i>Total Assets</i>        | \$186,420.28 | \$208,080.69 |
| <i>Current Liabilities</i> | 160,130.30   | 184,592.35   |
|                            | <hr/>        | <hr/>        |
| <i>Current Surplus</i>     | \$ 26,289.98 | \$ 23,488.34 |

*Overdraft of Appropriations and Application of Municipal Budget Law:*

It is noted that there was a net overdraft of appropriations in the amount of \$8,745.70, — in other words, total expenditures exceeded total appropriations by this amount as indicated herewith:

|                                       |             |
|---------------------------------------|-------------|
| Overdraft of Appropriations           | \$16,116.45 |
| Unexpended Balances of Appropriations | 7,370.75    |
| <hr/>                                 |             |
| Net Overdraft of Appropriations       | \$ 8,745.70 |

Included in the net overdraft was an overdraft of \$3,250.99 in the "overlay" assessment. Because the amount of overlay is fixed by the Board of Selectmen, rather than appropriated by the town meeting, the net overdraft of appropriations should be reduced by the overdraft in the "overlay" assessment, leaving a net overdraft of budgetary appropriations of \$5,494.71, as shown herewith:

|   |            |
|---|------------|
| Net Overdraft of Appropriations           | \$8,745.70 |
| Less: Overdraft in "Overlay" Account      | 3,250.99   |
| <hr/>                                     |            |
| Net Overdraft of Budgetary Appropriations | \$5,494.71 |

In cases of this sort the provisions of the Municipal Budget Law (R.S.A. 32:10) require that the Board of Selectmen, with the approval of the Budget Committee, petition the State Tax Commission for a certificate of emergency which would authorize the expenditures made in excess of budgetary appropriations. Our records do not indicate that this procedure was followed.

*Unredeemed Taxes:*

As of December 31, 1966, there were unredeemed taxes from the tax sales on account of the tax levies of 1963 and prior years as follows:

|              |            |
|--------------|------------|
| Levy of 1963 | \$4,148.92 |
| Levy of 1962 | 1,251.41   |

|              |        |
|--------------|--------|
| Levy of 1961 | 953.46 |
| Levy of 1960 | 344.81 |
| Levy of 1959 | 614.68 |
| Levy of 1958 | 118.59 |
| Levy of 1957 | 113.88 |
| Levy of 1956 | 154.12 |
| Levy of 1955 | 70.94  |

---

\$7,770.81

Inasmuch as the two year period provided by law in which redemptions from tax sales may be made has expired on all of these unredeemed taxes, the tax collector should deed all of the properties represented by these unredeemed tax liens to the Town at once.

### RECOMMENDATIONS

#### *Board of Selectmen:*

Selectmen's record of expenditures should be kept up to date at all times and pages totalled and balanced monthly.

#### *Treasurer:*

Cash book of Water Department should be totalled monthly.

Both Town and Water Department balance should be reconciled with bank balance at close of each month.

#### *Tax Collector:*

When real estate is sold for unpaid taxes at a Collector's sale, any unpaid head or poll taxes of the delinquent taxpayer should be added to the amount for which the property is sold.

#### *Town Clerk:*

Particular attention should be given by the Town Clerk to the matter of extending the amounts of motor vehicle permits, — i.e. maker's list price times the proper mill rate.

Entries in Town Clerk's cash book should be in agreement with amounts indicated on motor vehicle permits.

*Conclusion:*

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Belmont for their assistance during the course of the audit.

Yours very truly,

**BELMONT POLICE DEPARTMENT****Report for the Year Ended Dec. 31, 1966**

Mankind is on the threshold of a golden era. Astronauts walk in space and scientists cure crippling diseases.

Amid all this, crime runs rampant, costing the people of the U. S. billions of dollars each year. Teenagers embark on criminal careers, bolstered by alcohol and L.S.D. The Supreme Court, in a series of monumental decisions, severely curtailed police authority to gather evidence and to question persons suspected of crimes.

All these events have made their impact felt locally. In 1966, your Police Chief only had 12 days off, and was unable to take a vacation. His longest work week was 82 hours. With a new auto dealership atop Prescott Hill coming in 1967, and the prospect of a Pari-Mutuel Racetrack in 1968, we promise to be increasingly busy. Our summer population doubles on weekends, when Union Road alone records a traffic flow of up to one car per minute. The completion of the Gilford Bypass to Winnisquam will mean even more traffic this coming year.

To maintain adequate protection, it will soon be necessary to add a second fulltime Policeman, at least in the Summer, when people are out of doors and traffic is heaviest, creating a need for patrol both in the daytime and at night.

This year we seek added funds for our Special Officers, who have been earning as low as 50 cents per hour. We have five trained and dedicated Specials, and it is to the Town's advantage to insure their availability in the years to come, when our growing community will find more and more need for their services.

The "PRACTICAL PATROLMAN" School held by this Department gained nationwide recognition in an article

published in "LAW AND ORDER" Magazine. Your Chief attended the F.B.I. POLICE ADMINISTRATION SCHOOL in Boston, Mass., last Spring. In other activities, four individuals were captured in the act of burglarizing the BIG-J FOOD OUTLET on Route 3. Some 31 auto junkyard violations were cleaned up last year. Photographic equipment was purchased to provide more scientific investigation of crimes and auto accidents, and more graphic evidence presentations in Court.

May we express our appreciation to the Selectmen, Budget Committee, and the people of Belmont for their support. We earnestly pledge our continuing efforts in their behalf.

And our thanks to the "Unsung and unpaid" ladies without whom communications in the department could not function, Mrs. Earl Sweeney, Mrs. Robert Harper, and Mrs. Andre Paquette, who spend many hours without compensation answering the Police Phone night and day. Our thanks also to Sheriff Rodney Crockett and his staff, who always stand ready to help us.

Respectfully submitted,

EARL M. SWEENEY,

*Chief of Police*

## REPORT OF THE BELMONT FIRE DEPARTMENT

**For the Year Ended Dec. 31, 1966**

The members of the Belmont Fire Department would like to say "thank you" to all the people of Belmont for their cooperation and assistance during the past year.

Last March at Town Meeting, the voters decided to have a full-time Fireman on duty at the Fire Station, five days a week from 7:00 AM to 5:00 PM, and also to have the position of Fire Chief a permanent one, appointive rather than elective, with the Selectmen to appoint whomever was elected Chief at the 1966 Town Election as the permanent Chief. Being appointed full-time Fire Chief, I started my new duties at the Fire Station on April 3, 1966.

This past year has been a busy one for a small Department. We responded to 52 fires as compared to 37 in 1965. We also had 30 ambulance and rescue calls as compared to 12 in 1965. Mutual Aid calls dropped from 14 in 1965 to 12 for 1966. We were called for Special Services 26 times during the year. This adds up to 120 calls, as compared to a total of 65 the previous year.

We would like to stress to everyone that the Red Network telephone line 267-2141 should never be used except for emergency calls, such as to report a fire or request an ambulance. Many unnecessary and non-emergency calls are coming in on the red phone. We had 632 calls on this line from April 3 to Dec. 31, 1966. For non-emergency calls, please use the other line listed in your phone book, 267-8110.

This past year I have set up a training program for the call men. This has included to date a 15-hour class in Emergency First Aid; 15 hours in Pump Operation, 15 hours in Operation and Use of Self-Contained Breathing Equip-

ment. Our men have also attended schools at Lily Pond C.D. Center and in Fitzwilliam, N. H., plus their own monthly drills.

I have started a daily routine of fire drills and inspections at all the schools, and have had excellent cooperation from the School Board and faculties. All the school children in grades 1-6 have visited the Fire Station and heard a safety talk. I have also performed fire inspection in various buildings in town, and found some very bad conditions in some places to be corrected.

Forest Fire Warden Robert Stevens and myself and all the Deputy Wardens thank all the people of town for their co-operation in keeping our forest fire rate very low. Let's keep up the good work in '67, and be sure you obtain permits for all outdoor fires. Again, thanks to all the voters of Belmont, the Budget Committee and Selectmen for their co-operation this past year.

Respectfully submitted

ROBERT E. BORDEAU

*Belmont Fire Chief*

## **REPORT OF FOREST FIRE WARDEN**

### **For the Year Ended December 31, 1966**

At this time, I would like to express my thanks for your co-operation during the 1966 fire season.

As you know we had a little more precipitation last season than in 1965, but yet we had three more fires in 1966 than we had in 1965, and 16.5 acres against 2.8 acres in 1965 burned over. It seems there are still a few careless people who defy our fire laws, and as a result of their carelessness leave many burned over acres, which as you know is not at all picturesque as we drive through our beautiful State. There is also a small minority of people who think nothing of throwing their rubbish along our highways and into open fields and parking lots.

Your town fire department, police, deputy wardens, along with myself and the State Forest Service are working constantly to find solutions for their many problems. BUT we need your complete co-operation.

One new regulation is that there will be no more burning of household rubbish in incinerators between 9 AM and 5 PM, except on wet or rainy days. This also includes leaves or any outside rubbish around your home. A permit **MUST** be obtained before lighting **ANY** fire. A cooking fire may be kindled by verbal permission from any deputy warden or myself.

Commercial burning may be done if enough equipment and supervision is available, but you still must obtain a permit.

We ask you to please remember 5 things:

1. Get a permit for **ALL** fires.

2. Keep all brush 50 ft. from all Town and State roads.
3. Never dispose of rubbish along our highways or on someone else's property.
4. Never throw cigarettes, cigars, etc., from vehicles.  
Use your ash tray.
5. Do not burn between 9 AM and 5 PM except on wet days.

I believe if we live by these rules we will have a greener and cleaner town in which to live.

*Fire Record for 1966:*

|       |           |                   |
|-------|-----------|-------------------|
| Town  | 10 Fires  | 16.5 Acres Burned |
| State | 595 Fires | 395 Acres Burned  |

Thanks again,

ROBERT L. STEVENS

*Belmont Forest Fire Warden*

## REPORT OF CIVIL DEFENSE DIRECTOR

During the past year, your Civil Defense organization has been very active. We ran Radiological Monitoring classes which graduated 10 persons from Belmont and Gilmanton. There were eight sessions held at the Fire Station, and new monitoring equipment has been received and distributed.

A new collapsible stretcher was procured for the C.D.-sponsored Fire Department rescue squad ambulance, and additional items of equipment were procured for the Auxiliary Police, including targets and ammunition for the training school sponsored by the Police Department.

Plans for 1967 will include a Medical Self-Help training course in which we hope to train about 20 local persons. We would like to obtain a Porta-Power hydraulic rescue kit for the Fire Department ambulance. This would be very helpful in cases where persons are pinned in the vehicles at accidents, among other uses.

Your local C.D. organization is in need of volunteer workers in the Communications field to assist in conducting the weekly R.A.C.E.S. radio checks, and to be available in the event of an emergency. Anyone interested should contact the Director.

We would like to thank the Selectmen, the voters of Belmont, and the State Civil Defense Agency for their cooperation and support during the past year.

Respectfully submitted,

ROBERT A. HARPER

## SCHOOL DISTRICT MEETING MARCH 5, 1966

The Belmont School District Meeting was called to order at 2:05 p.m., March 5, 1966 at the Roland S. Kimball Auditorium with approximately 100 persons present. Moderator Stanley F. Hill read the warrant.

**Article 1.** To chose a Moderator for the coming year.

Sue Roberts nominated Stanley F. Hill, there were no other nominations, the clerk cast one ballot and Stanley F. Hill was elected.

**Article 2.** To choose a Clerk for the coming year.

Belva S. Mohle was nominated, there were no other nominations, the clerk cast one ballot and Belva S. Mohle was elected.

**Article 3.** To choose a Member of the School Board for the coming three years.

Earl M. Sweeney nominated Paul A. Lussier, there were no other nominations, the clerk cast one ballot and Paul A. Lussier was elected.

**Article 4.** To choose a Treasurer for the coming year.

Leo Alger nominated Sue Roberts, there were no other nominations, the clerk cast one ballot and Sue Roberts was elected.

**Article 5.** To determine and appoint salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.

Thomas S. Edwards moved that the compensation be as follows: Three School Board Members at \$100 each (total \$300), Clerk \$5, Treasurer \$100, Moderator \$5, Census taker \$75, and truant officer \$50. Motion was seconded and carried.

**Article 6.** To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.

Virginia Bouchard moved that the reports of Agents, Auditors, Committees and Officers chosen, shall be accepted as printed in the Town Report of Belmont. Motion was seconded.

Sue Roberts read the report of the Cooperative Study Committee printed on page 121 of the Town Report.

The Moderator ruled that Article 9 could be considered at this time. At the request of Pat Young, Maurice Simond gave a brief resume of what it would mean to Belmont to be part of a cooperative unit. Earl Sweeney pointed out that it was the

recommendation of the Study Committee to study the advantages and costs of joining the Winnisquam Cooperating unit, and this vote was just for the backing of the town for further study.

The motion was carried.

**Article 7.** To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

James Rhodes moved that the Municipal Accounting Division of the State Tax Commission audit the accounts of the Belmont School District as of June 30, 1966. Motion was seconded and passed.

The Moderator ruled that in the interests of clarity for the record, there should be a separate vote on Article 9.

**Article 9.** To see if the district will endorse immediate action by the School Board to study with the new Winnisquam Co-operative District School Board, the advisability of annexing Belmont to this newly-formed School District, by petitioning the Winnisquam Co-operative Board for such a study; and further recommend that the Belmont School Board call a special School District meeting sometime during 1966 to bring in the report of this study, working with the existing Belmont Co-operative Study Committee.

Leo J. Alger moved that Article 9 be accepted as read. The motion was seconded and passed by a unanimous vote.

**Article 8.** To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of School District officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

After considerable discussion as to the relative merits of a guidance counselor under item 210. Salaries, Evelyn Merrill moved that the full amount as stated be appropriated. Seconded and carried.

Robert Bordeau moved that each group in the budget be voted on separately. Motion was seconded and carried.

Each item was appropriated as listed without discussion except item 500. Pupil Transportation. The Budget Committee cut out \$600 for a bus on Durrell Mountain Road. This was

on the advice of the Road Agent who said that the road should be widened before it was used as a bus route. The petition which was presented to the Budget Committee was discarded because it did not contain the names of ten legal voters. Motion was made to reinstate the \$600, seconded and defeated. Sue Roberts moved that the district vote to raise and appropriate the sum of three hundred seven thousand, six hundred twenty-six dollars and seventy-one cents (\$307,626.71) for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town. Seconded and carried.

**Article 19.** Alfred Rhodes moved that the meeting adjourn. Seconded and carried.

Respectfully submitted,

BELVA S. MOHLE, Clerk

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

*To the Belmont School Board and Citizens of Belmont:*

I herewith submit my annual report as your Superintendent of Schools.

The most significant event relative to our school system is the cooperative school study now in progress with the Winnisquam Regional School District. It is hoped this study will be completed soon and the results presented for your consideration.

Following the 1965-1966 school year eight of our staff members left the Belmont School System. This represents 28% turn over. These eight vacancies were filled for the 1966-1967 school year. In addition, a full time guidance counselor has been added to the staff. It is hoped that salary and working conditions may be such that this staff turn over will be considerably reduced to insure stability to our program.

Remedial reading which was started about half way through last year with Federal Funds is continuing this year on a full time basis. We feel sure that the addition of guidance and remedial reading will prove beneficial for students in the Belmont Schools.

The Physical Education program introduced last year is continuing to prove a very worthwhile addition to the Junior-Senior High School Program.

In the area of maintenance major undertakings were:

1. Painting the exterior of the Junior-Senior High School which has added considerable to the appearance of this building.
2. The parking area in the front and rear of the high school received a treatment of oil and sand which

has prevented further erosion of the hard topping completed two years ago.

3. The first of a three year program to rehabilitate the athletic field was started. Continuance of this program for two more years should enable us to have an athletic field suitable for our athletic teams and eliminate the necessity of transporting our soccer team to Tilton for their home games.
4. Finally of major importance in the maintenance area was the retubing of the boiler at the High School. When the boiler was opened in the summer of 1966 for its routine summer cleaning many of the tubes were leaking and it was found necessary to replace the tubes. This work required a substantial sum of money which was not anticipated at the time the budget was developed and voted in February and March. To meet this expenditure a deficiency appropriation has been requested that appears in the budget.

I would like to express my appreciation to the Board of Education and Citizens of Belmont for their support in our educational efforts.

HERMAN N. DONEGAN

Superintendent of Schools
